HTML/CSS

WORK EXPERIENCE

Product Designer @ Spotzer

June 2017 - Present

-Design mockups and layouts for web and mobile, focusing on conversion optimization and pleasing aesthetics.

-Draft style guides to inlcude fonts, buttons, and logos.

-Act as the lead designer during the pilot phases of new products by defining the product matrices and QA processes, and discovering common solutions..

-Work with stakeholders to define content strategy, advising how to retain user attention and maximize conversion opportunities.

-Use HTML/CSS/JS to provide frontend UI solutions.

UX/UI Designer @ Culture Palette

May 2016 - June 2017

-Drafted mockups using Balsamiq, Sketch, and InVision and presented them to stakeholders.

-Used HTML/CSS/JS to provide frontend UI solutions.

-Crafted user stories, site maps, and other informational structures through collaborative iterations.

-Designed mobile layouts, including login flows and profile areas.

-Worked with stakeholders to define product features, limitations, and deadlines.

EDUCATION

Design @ Bloc

December 2015 - June 2016

-Implemented UX/UI design for web and mobile, using Illustrator, Photoshop, Sketch, Balsamiq, and InVision.

-Completed products using user stories, site maps, mood boards, user surveys, user research, and personas.

Bachelor's in Humanities @ Thomas Edison State College

2011 - 2015

-Majored in interpersonal communication, with an emphasis on behavioral psychology.

-Other studies included language and art courses that focused on meaning formation.
